

PROCESS INDUSTRIES

YOUR PERSONAL INVITATION TO ATTEND THE REGIONAL LAUNCH OF THE NATIONAL SKILLS ACADEMY FOR PROCESS INDUSTRIES

The National Skills Academy Process Industries Launch Event will take place on Friday 30th May 2008 at The National Space Centre, Leicester

The National Skills Academy Process Industries is a unique network of employer-led centres of excellence for skills training. It will provide a means for hands-on involvement by employers in the design and delivery of learning, so that training is tailored to the specific needs of the Chemicals, Pharmaceuticals, and Polymer industries.

The Regional Midlands launch of the National Skills Academy will be an opportunity for **employers, training providers and stakeholders** to:

- meet key people within the Academy and discover the benefits the Academy will bring to those training, working and investing in Process Industries
- learn about the Academy's aims and objectives to tackle skills shortages by standardising training across the industry
- network with training providers and employers in a non-competitive environment and realise the potential of what The National Skills Academy Process Industries will bring to your organisation.

Draft Programme

0930 - 1000 Registration, tea and coffee

1000 - 1015 Introductions and welcome

1015 - 1115 Presentations by CEOs from The National Skills Academy Process Industries and Cogent (Ministerial attendance to be confirmed)

1115 - 1200 Question and Answer Session

1200 - 1300 Lunch and networking

1300 Tour of National Space Centre (optional)

To secure your place at this event please complete and return the booking form no later than 23rd May 2008.

I look forward to seeing you on the 30th May for what I'm sure will be a significant day for employers, training providers and stakeholders.

*Yours,
Neil Wilkinson
